

Becky serving a client her classmate

Dear Jordy and Stijn,

Greetings from your daughter. My name is Loduk Becky Grace, I am 23 years old, a Karamojong by tribe and a Ugandan by Nationality. I stay in Kangole town council, Napak District.

I completed my primary school in 2018 and I joined secondary in 2019 but I dropped out of school during COVID 19 lockdown due to unwanted pregnancy, we are five in our family and I am the first born. My mother makes local beer for us to earn a living.

I am not married but I have a child, I stay with my parents, I would like to go back to school in order to achieve skills to earn a living and to improve my life as a single mother. I applied for the scholarship because my parents could not afford to pay for my training.

In the future, I would love to start a business of my own and also further my studies. I have loved Matany Girls Vocational School from the day I came, the teachers and the students are loving, kind to each other and the principal treats the students like her own children.

I thank you in a special way for supporting me in my trainings, I pray to God to bless you for supporting me.

Thank you from Becky
