

Dear Jordy and Stijn

Greetings from your daughter. My name is Nadukui Esther, I am 20 years old, a Karamojong by tribe, Ugandan by nationality. I live in Komuria East Kaabong town council in Kaabong District.

I completed my primary education in 2017 and joined secondary school in 2018, I dropped out of school in 2022 because both my parents died, we were three in our family but we lost a brother and I am the third born in my family. I am a total orphan but we were staying with my grandmother after our parents passed but my grandmother also died, I now stay with my sister and I am not married.

I dropped out of school in S.4 in 2022 because there was no one to pay my school fees, I would like to go back to school to achieve

skills and knowledge in Hospitality and Tourism. I applied for the scholarship because no one could help me to pay for my trainings.

In the future, I would love to set up a business of my own and also further my trainings. I have enjoyed being in Matany Girls Vocational School from the day I reported because the students are kind, loving the teachers are kind, they mentor the students and the principal treats the students like her own children.

I would like to thank you for supporting me in my trainings and I pray to God to always bless you for supporting me.

Thank you,

Yours faithfully,

Nadukui Esther.
